Honors Learning Experiences

There are six ways to Experience Honors Learning. Honors students choose an Honors learning experience each semester to customize their education and add value to their degree.

Honors Sections

These interactive courses emphasize deep exploration of content, as well as hands-on experiences that encourage application of course topics.

Honors Research

Initiate research or independent projects in all disciplines. Hone investigative and critical thinking skills under the guidance of a faculty member.

Honors Contracts

Collaborate with an instructor to turn a regular course into an Honors learning experience.

Honors Explorations

Examine topics with an Honors facilitator and other Honors students.

Honors Seminars

These courses are grounded in one or more of the dimensions of Honors learning, address special topics, and facilitate the development of the Honors community.

Honors Travel

Experience learning in real-world settings beyond the campus.

The screenshot shows the Illinois State University Honors Program website. The header includes the university logo, the text "HONORS PROGRAM Illinois State University", and a search bar labeled "Search Honors...". A navigation menu contains links for "Applying", "Academics", "Opportunities", "Scholarships", "About", and "Contact". The "Academics" tab is active, leading to the "Spring 2022 Honors Sections" page. A left sidebar lists "Dimensions of Honors Learning" with sub-items: "Honors Learning Experiences" (selected), "Honors Sections" (selected), "Fall", "Spring" (with a right arrow), "Summer", "Honors Contracts", "Honors Seminars", "Honors Research", "Honors Explorations", "Honors Travel", "Requirements", "Honors Designations", and "Advising". The main content area is titled "Spring 2022 Honors Sections" and includes a note: "This list is current as of 9/8/2021 and is subject to change." Below this, sections are listed by discipline: "Biological Sciences" (303: Senior Thesis, Section 1; Required for students pursuing Honors in the Major in Biological Sciences), "Chemistry" (141: General Chemistry II: Lecture section 10; Lab section 4), "Communication" (110: Communication as Critical Inquiry, Sections TBD; General Education), "Economics" (102: Principles of Macroeconomics, Section 4), "English" (101: Composition as Critical Inquiry, Sections TBD; General Education), and "Finance, Insurance, and Law" (185: Legal, Ethical and Social Environment of Business, Section 5).
