Even before you arrive on campus for Preview, Honors Program advisors are dedicated to helping you receive the benefit of early registration. Our advisors need to know a little about YOU and YOUR PREFERENCES to begin customizing your Fall 2019 schedule.

Once you have gathered materials in advance, completing the Honors Freshmen Early Registration Form will require approximately 20 minutes. The online form does not allow saving and will time out after approximately 15 minutes of inactivity. Before visiting the web address above, please review these helpful tips:

Gather the following pieces of information:

- A list of courses taken or in progress at a community college, including courses taken for dual credit (institution, department/course number, course title/grade)
- A list of the Advanced Placement tests you have taken or plan to take and the scores you earned (if known)
- A recommendation from the Illinois State University foreign language placement exam/readiness test, if you completed it (information about this is in the next section)
- A list of your grades from Math and Foreign Language classes taken in high school

Are you interested in taking a French, German, or Spanish course?

French, German, and Spanish offer online placement exams/readiness tests. If you are interested in taking one of these languages in the fall, complete the placement exam from the Languages, Literatures and Cultures website BEFORE you start the form.

Visit https://lan.illinoisstate.edu/academics/placement-exams/ to access the online placement exams.

- The results are not stored. Make note of the recommendation, as we will ask for that information on the form.
- Whether or not a foreign language is required will be addressed on an individual basis at Preview.

We want to know who you are!

Please take a “selfie” or upload a senior picture so we can get to know you. Name the photo file using this pattern (last name first name – no spaces, no punctuation):

Reggie Redbird would upload a file named RedbirdReggie.jpg

(Acceptable images types are .jpg, .gif, and .png)

</table>
| We know that you will not receive your scores until July; please do not wait to complete the Honors Freshmen Early Registration Form! We will plan your schedule taking this information and possible credit into consideration. This link has information about what scores are required on AP Exams to receive credit: http://bit.ly/isuhonorsearlyregistration | Can I change my schedule at Preview?
Yes, you will be able to make changes based on course availability. If my schedule is done, do I still need to attend Preview?
Yes, you still need to attend Preview, where you will meet individually with an Honors advisor. How many classes will I take?
Your schedule will be 4 or 5 classes; we only ask questions about courses where students have a variety of options. |

<tbody>
<tr>
<td>Illinois State University requires the ALEKS Math Placement Assessment to determine readiness for mathematics courses. ALEKS is a web-based program that maps a student’s strengths and weaknesses. The placement is up to 30 questions and generally takes 60 – 90 minutes. After the Assessment, an individualized Prep and Learning Module is available for students, who then have the opportunity to reassess and improve their placement. Visit the link below to take the ALEKS Assessment. You will note your score on the registration form. <a href="http://registrar.illinoisstate.edu/testingservices/aleks/">http://registrar.illinoisstate.edu/testingservices/aleks/</a></td>
